Town of Barrington

The Town of Barrington is pleased to introduce you to Barrington Community Electricity Program, our Town's electricity supply Program. The Program aims to help our community members manage electricity costs, increase renewable energy use and reduce carbon pollution. Barrington Town Council approved this Program in June 2020.

You received this letter because your electricity account is scheduled for automatic enrollment in the Barrington's Program starting May 2023. The deadline to take action before enrollment is April 8, 2023. Your participation in Barrington's program is voluntary and this letter explains your options.

YOUR OPTIONS

- 1 **Automatically enroll in Barrington Standard** - To enroll in Barrington Standard, no action is needed.
- 2 **Choose to enroll in another Barrington product** - To choose another Barrington product, call our Program's electricity supplier, NextEra Energy Services Rhode Island, LLC, at (877) 200-8619, or submit a request at BarringtonCommunityElectricity.com.
- 3 **Choose to continue with Rhode Island Energy's supply, called Last Resort Service** - To remain with Last Resort Service for your electricity supply, you must opt out. To opt out before being automatically enrolled you must take one of the following actions on or before **April 8, 2023**:

Postmark and mail the enclosed opt-out card *or* call Barrington's Supplier, NextEra Energy Services Rhode Island, LLC at (877) 200-8619 *or* submit the opt-out form at BarringtonCommunityElectricity.com

ELECTRICITY SUPPLY PRODUCT SUMMARY

	Rhode Island Energy Last Resort Service (if you opt out)	Barrington Basic	Barrington Standard (automatic)	Barrington 50	Barrington 100
Residential Price	10.675 ¢/kWh	9.151 ¢/kWh	9.361 ¢/kWh	10.222 ¢/kWh	12.321 ¢/kWh
Voluntary Renewable Energy	None	None	Adds 5% voluntary renewable energy (RI New RECs)	Adds voluntary renewable energy (RI New RECs) to total 50%	Adds voluntary renewable energy (RI New RECs) to total 100%
Duration	April to September 2023	May to November 2023	May to November 2023	May to November 2023	May to November 2023

The Last Resort Service Rate above is the most current rate proposed by RI Energy and pending approval by the Public Utility Commission: <https://ripuc.ri.gov/utility-information/electric/national-grid-last-resort-service>. The Program cannot guarantee savings beyond the current term of Last Resort Service, as stated in the table above, because future Last Resort Service rates are unknown.

ELECTRICITY SUPPLY PRODUCT DETAIL

- Program prices apply to service beginning and ending on the days of the month that your meter is read.
- Program prices include a fee of \$0.001 per kilowatt hour (kWh) for the Town's aggregation consultant. Any applicable taxes will be added by Rhode Island Energy to your bill.
- At the end of the pricing term, you will be automatically renewed in your current product which may have a new price and a different percentage of voluntary renewable energy as negotiated by the Town. Pricing is expected to change every six to twelve months for Residential customers. The Town will announce price changes at least 30 days before any such price change takes effect. Product details will always be available at the Town's website for the Program: BarringtonCommunityElectricity.com.
- You may leave the Program at any time by contacting Barrington's Supplier at (877) 200-8619 or by visiting the Program website at BarringtonCommunityElectricity.com.
- Rhode Island requires all electricity supply products to include a minimum amount of renewable energy, known as the Renewable Energy Standard (RES). Some Barrington Program products contain voluntary renewable energy that exceeds the RES, as shown below:

Year 2023	RES	Rhode Island Energy Last Resort Service (if you opt out)	Barrington Basic	Barrington Standard (automatic)	Barrington 50	Barrington 100
Mandated	23%	23%	23%	23%	23%	23%
Voluntary	0%	0%	0%	5%	27%	77%
Total	23%	23%	23%	28%	50%	100%

Generation sources that qualify for the RES are known as RI New and must be built after 1997 and be located within or delivered to New England (2% may come from sources built prior to 1997, called RI Existing). The Barrington Program sources all voluntary renewable energy, above the RES, from sources that qualify as RI New, come from solar, wind, anaerobic digestion, and low-impact hydro, and are located only within New England.

BARRINGTON PROGRAM DETAIL

- Barrington Program website: BarringtonCommunityElectricity.com. The Program is served by NextEra Energy Services Rhode Island, LLC, PUC license number: D-96-6(M3), (877) 200-8619.
- There are two parts to your Rhode Island Energy electricity bill, (1) Delivery Services and (2) Supply Services. If you participate in Barrington's Program:
 - Rhode Island Energy will continue to provide all Delivery Services, which includes responding to power outages. You will continue to receive your electricity bill from Rhode Island Energy.
 - The Supply Services portion of the bill will change to reflect your participation in Barrington's Program.
 - Customers in the Low-Income Rate Class (A60) will continue to receive their current percentage discount on the entire electricity bill.
 - Budget billing customers will continue to receive budget billing for the Delivery Services portion of the bill.
 - Customers that receive solar electricity benefits from net metering credits and/or Renewable Energy Growth program payments will continue to receive those benefits.
 - You may leave the Program or switch to a different program option at any time, without penalty.
- If you have questions about the Delivery Services portion of your bill or about Last Resort Service supply, contact Rhode Island Energy at (855) 743-1101, or by visiting RIEnergy.com
- If you are receiving electricity supply from a competitive supplier and believe you have received this opt-out letter in error, you must notify Barrington's Supplier as outlined in Option 3 above. This will ensure you continue to receive your electricity from that competitive supplier and prevent any possible early termination fees.
